

CHITTI BOYINA ADITYA MANIKANTH SAI

+91 9676832291 | adityach0523@gmail.com | [LinkedIn](#) | Vijayawada, AP

PROFESSIONAL SUMMARY

Computer Science Student | Tech Enthusiast | Future-Ready Developer

Aspiring Full-Stack Developer with hands-on experience in developing secure, scalable applications using Python, Flutter, Node.js, and SQL/NoSQL databases. Skilled in RESTful APIs, system design, Agile methodologies, and end-to-end product development. Adept at team collaboration, debugging, and version control. Seeking a challenging tech role to build impactful solutions

EDUCATION

Kalasalingam Academy of Research and Education, Krishnan Koil

2022 – 2026

Bachelor of Technology in Computer Science and Engineering (CGPA – 8.07/10.0)

[Virudhunagar, T.N.]

Narayana Junior College, Vijayawada, A.P

Senior Secondary Education (12th Grade), 2020 – 2022 | Percentage: 75.6%

[Vijayawada, A.P]

WORK EXPERIENCE

Python Developer Intern | Mallikarjun Infosys | Kurnool, India

Dec 2023 – Feb 2024

- Automated backend processes using Python, reducing task completion time by 30%. Developed reusable modules to enhance internal tool efficiency. Gained hands-on experience with data processing, file handling, and API integration.
- Collaborated with a team of developers to debug scripts and improve system efficiency.
- Learned industry standards for writing clean, maintainable code and using version control (Git).

Tech Project Led (Independent Projects) || Awarcrown Corporations LLP | Remote (Project-Based)

Jan 2023 – Present

- Led development of a tech platform prototype involving web and mobile app development, using Flutter, Node.js, Python, and MongoDB/PostgreSQL.
- Designed and implemented a custom security layer named Vanguard to simulate real-world authentication and data protection.
- Coordinated the entire tech stack, practiced agile workflows, and built API integrations using GraphQL.
- Strengthened skills in system design, project planning, and UI/UX collaboration.

SKILLS

- Technical Skills:** Python, Java, PHP, Flutter, SQL, Node.js
- Frameworks/Tools:** Flutter, Node.js, Express.js, MySQL, PostgreSQL
- Other:** Git, GraphQL, JWT, OAuth2.0
- Soft Skills:** Leadership, Team Collaboration, Strategic Planning, Problem Solving
- Languages:** Telugu, Hindi, English

PROJECTS

Cat sight Algorithm (Research Project)

- Developed and researched an advanced algorithm for image recognition and classification focused on cat breeds using machine learning techniques.
- Implemented data preprocessing, feature extraction, and model evaluation to improve accuracy and performance.

Krits AI (Fine-Tuned Model)

- Fine-tuned a state-of-the-art AI language model to optimize responses for specific use cases.
- Worked on dataset curation, model training, and performance testing to enhance the model's relevance and precision.

Cybertron7.in (Programming Website)

- Designed an interactive coding platform using PHP, MySQL, and JavaScript.
- Integrated user management and gamified challenges, leading to a 25% increase in user retention during testing.

CERTIFICATIONS

- Database Management Systems – CodeChef, 2024
- Design and Analysis of Algorithms – CodeChef, 2024

LEADERSHIP EXPERIENCE

Awarcrown Corporations LLP

March 2025 – Present

- CEO, Lead Developer, and Mentor guiding the strategic vision and technical development of the company's projects.
- Oversee product design, team coordination, and implementation of cutting-edge technology solutions.

PUBLICATIONS AND PATENTS

- Published 1 research works** titled Automated Sentiment and Profanity Detection System for Enhanced Comment Moderation Using Vader and applied for patent
