SUMMARY

Aspiring **Data Analyst** with a strong foundation in **statistical analysis, data visualization, and database management**. Proficient in tools like **Excel, SQL, Python, and Power BI**. Adept at transforming complex datasets into actionable insights to **support data-driven decision-making**. Passionate about leveraging data to solve business problems and continuously eager to learn emerging technologies.

EDUCATION

MVGR College of Engineering (A),
Bachelor of Technology in Information Technology.

Aug 2020 - Apr 2024

SKILLS

Programming Languages	Python, SQL, HTML, CSS,
DataBases	PostgreSQL, MySql
Data Visualization	Power BI, Excel, DAX
Cloud Services	Amazon RedShift, S3, Athena
Development Tools	GitHub, VSCode, Google Colab, Jupiter

PROJECTS

Bank CRM

- Analyzed customer **churn patterns** using **PowerBI** for a bank to improve customer retention and service delivery.
- Identified **risk segments** by analyzing customers with low credit scores, revealing the likelihood of loan defaults.
- Proposed product combos to attract single-product customers, **increase retention, and increase revenue**.

Zomato Data Analysis

- Developed **Excel dashboards** analyzing restaurant ratings, driving strategic investment decisions for growth
- Cleaned and modeled** Zomato data, optimizing costs by recommending kiosks and cloud kitchens in key markets.
- Recommended digital solutions** like online delivery and table booking systems, enhancing customer experience.

Chinook Music Store Analysis

- Designed efficient **SQL queries** to detect missing data for improving **data accuracy** for detailed customer insights.
- Generated revenue reports by location, providing actionable insights to optimize **sales performance**.
- Identified top-selling tracks, artists, and genres in the USA, enhancing **promotional targeting strategies**.

INTERNSHIP EXPERIENCE

Goodrx

May 2024 – Nov 2024

Freelance – CAVIT services

Data Analyst

Project: Audience Team

- Developed and executed data retrieval processes using **SQL** on **Amazon Redshift**, improving data access efficiency by **10%** for audience reporting.
- Built and optimized custom **PowerBI dashboards**, increasing visibility of audience performance metrics and enhancing decision-making for the analytics team.
- Managed audience pulls and targeted audience segmentation for projects like “**Clone-Kroger Shoppers (Churn)**” and **Do the Math Expansion**, improving campaign engagement by **15%**.
- **Analyzed dormant audience** behavior over time, evaluating the effectiveness of targeted campaigns.
- Facilitated monthly **PBA (Person Based Attributes)** audience unloads, increasing data accuracy and readiness for campaign launches by **20%**.
- Conducted deep analysis of high **LTV churned audience data**, adjusting key thresholds and time periods, which expanded audience segmentation by **10%**.

Salesforce Developer Internship

May 2023 - Aug 2023

- Demonstrated proficiency in Salesforce by completing diverse Trailhead modules and earning Super Badges, showcasing adaptability to complex platforms.
- Gained hands-on experience in the Trailhead Playground, applying concepts to simulate real-world business processes, enhancing problem-solving and analytical skills.
- Built a strong foundation in CRM systems, data management, and automation workflows — versatile skills applicable across various IT roles.

CERTIFICATIONS

- **Microsoft** Certified PowerBI Data Analyst Associate
- **ISRO** - AI/ML for Geodata Analysis.

EXTRA-CURRICULAR ACTIVITIES

- **Led the organization** of a college Tech Talk and seminar, collaborating with peers to manage logistics and ensure successful knowledge sharing.
- Engaged in college political debates, honing **public speaking**, critical thinking, and **persuasive communication** skills.
- Represented the college in an inter-departmental cricket tournament, **fostering teamwork**, strategy, and **leadership** on the field.

HOBBIES

- Travelling, Bike Riding

LANGUAGES

- English—Telugu—Hindi
