PROFILE

Myself Manohar Reddy Bijjam, Enthusiastic Computer Science student with a passion for Artificial Intelligence and machine learning. Proficient in Python, HTML, CSS and DBMS. with experience in analyzing datasets and building predictive models. Completed projects data visualization and deep learning, showcasing strong analytical and problem-solving skills. Eager to contribute to AI-driven solutions in a dynamic tech environment.

EDUCATION

Kalasalingam Academy of Research and Education, Krishnan Koil	2022 – 2026
Bachelor of Technology in Computer Science and Engineering (CGPA – 6.27/10.0)	[Virudhunagar, T.N.]
Sri Chaitanya Junior College	2022
Pre-University Course (Percentage: 69.2/1000)	[Vijayawada, A.P]

SKILLS AND INTERESTS

- **Technical Skills:** python, HTML, CSS, JavaScript
- **Areas of Interest:** Full-stack Developer
- **Academic CourseWork:** Operating Systems (windows, Unix/Linux), computer Networks
- **Soft Skills:** Peer Learning, Mentoring, Inter Personal communication, Motivating & Encouraging
- **Languages:** English, Telugu, (moderate) Tamil

PROJECTS

Image Captioning using CNN and LSTM

- Developed an end-to-end deep learning model to automatically generate natural language descriptions (captions) for images by combining Convolutional Neural Networks (CNNs)
- Long Short-Term Memory (LSTM) networks for sequence generation.
- **Exposure:** Python

Jaundices Detection by using Eye

- Model to automatically detect signs of jaundice from facial images, focusing primarily on identifying yellowish discoloration in the eyes. The model uses image preprocessing, deep learning techniques
- Evaluation metrics to classify images into jaundiced and non-jaundiced categories.
- **Exposure:** Python

Smart EV Dashboard for Real-Time Monitoring and Efficient Driving

- Developed a real-time digital EV dashboard using React.js and embedded systems for smart vehicle interfacing.
- Integrated CAN Bus communication to monitor speed, RPM, battery, temperature, and fuel in real-time with low-latency WebSocket.
- Design responsive and animated UI with Framer Motion and Styled Components.
- **Exposure:** CSS, Javascript, Node.js

CERTIFICATIONS

- **DATABASE MANAGEMENT SYSTEMS:** Completed all the lessons in DATABASE MANAGEMENT SYSTEMS provided by Codechef.
- **Design and Analysis of Algorithms :** Completed all the lessons in Design and Analysis of Algorithms provided by Codechef.
- **Python Programming:** Completed all the lessons in Python Programming provided by Hack Rank.

EXPERIENCE

No Experience (Fresher)

POSITION OF RESPONSIBILITY

- No Positions

PUBLICATIONS, PATENTS & FUNDINGS

- Applied for a patent and funding on Smart EV Dashboard for Real-Time Monitoring and Efficient Driving
