Nellore, Andhra Pradesh

PROFILE

Myself Dommalapati Seenaiah, Enthusiastic Computer Science student with a passion for Artificial Intelligence and machine learning. Proficient in Python, Js Machine Learning and SQL with experience in analyzing datasets and building predictive models. Completed projects data visualization and deep learning, showcasing strong analytical and problem-solving skills. Eager to contribute to AI-driven solutions in a dynamic tech environment.

EDUCATION

Kalasalingam Academy of Research and Education, Krishnan Koil

2022 – 2026

Bachelor of Technology in Computer Science and Engineering (CGPA – 7.5/10.0)

[Virudhunagar, T.N.]

Krishna Chaitanya Junior College

2022

Pre-University Course (Percentage: 86.3%)

[Nellore, A.P.]

SKILLS AND INTERESTS

- **Technical Skills:** Python, Machine Learning, HTML, SQL, Flask (Basic)
- **Areas of Interest:** Web-Development, ml-Engineer
- **Soft Skills:** Peer Learning, Mentoring, Interpersonal communication, Motivating & Encouraging
- **Languages:** Telugu, English,

PROJECTS

Automated Sentiment and Profanity Detection System for Enhanced Comment Moderation Using NLP

- Developed an algorithm that masks the toxic comments in social media platform
- The algorithm can be implemented in any social media platform
- **Exposure:** Python, NLP (Natural Language Processing)

Heart Disease Risk Prediction Model

- Built a machine learning model using Python and scikit-learn to predict heart disease risk based on patient data like age, cholesterol, and blood pressure.
- **Exposure:** Python, scikit-learn, pandas, NumPy, Matplotlib, Seaborn & Flask

Worker Booking System

- Integrated dynamic slot management to ensure only available time slots are shown, with booking updates reflected in real time.
- Developed a Flask-based web app where users can book workers based on city and availability, while workers manage their schedules, profession, and hourly charges.
- **Exposure:** Python, Flask, HTML, CSS, SQLite, JavaScript

CERTIFICATIONS

- **Design and Analysis of Algorithms:** Our Completed all the lessons in Design and Analysis of Algorithms provided by Code chef.
- **Complete AI & Machine Learning, Data Science Bootcamp** by Udemy
- **Soft Skills & Development – NPTEL**
